VAGABOND.SE IS THE TRAVEL PORTAL that provides you with everything you need before and during your journey. Our editorial staff gives you the best advice for destinations all over the world, along with travel news, free guides and up-to-date features. You can discuss travelling with like-minded people, look for travel companions and buy books and travel gadgets in our travel shop.

THE VISITORS AT VAGABOND.SE have a common interest - travelling. While some travel frequently, long distances and for long periods, others are just planning their upcoming trip to a nearby holiday destination.

COMPARED TO MAGAZINE READERS who often buy the magazine to daydream about travel, the website visitors are more goal-oriented. They know what they are looking for and frequently find us through a search engine and through specific search words.

OUR WEB USERS ARE USUALLY right in the middle of planning their journey, and looking for information about different destinations, advice on

accommodation, travel routes, travel gadgets, advice on vaccinations, weather forecasts, exchange rates, etc.

THIS SPRING WE STARTED A COMMUNITY which now has 2000 members. In the community, members can write about their trips and edit photos, give advice or warnings on travel destinations or companies. This is a very "hands-on" community, one of the best in Sweden. Our goal is to have at least 10000 members within the end of this year!

THE MOST VISITED PAGES on our site are our travel guides, the visitors' own travel photos, the discussion forum, articles and features about specific destinations and travel news. Number of unique visitors: 15000/week

THE NEWSLETTER IS DISTRIBUTED to 33000 unique addresses and costs SEK 10000/ mailing. For package deals and booking, plus copy for advertisements on vagabond.se, please contact: kamilla@vagabond.se, +46 (0)8-555 240 47 or +46 (0)765-452907. www.vagabond.se
